The Interesting Story of a Unique Business

*First factory built
in 1892*

OVER FORTY YEARS AGO a youngster with an ingenious mind conceived the idea of building small houses in a new way — completely in sections, that could be shipped anywhere, that could be erected by anyone in a few hours' time without the use of nails — simply bolted together.

Soon this ingenious young pioneer, Ernest F. Hodgson, built himself this small factory and equipped it with machinery. Thus was born the business that has grown in these forty years to such tremendous proportions.

This same inventive man, E. F. Hodgson, is still its active head.

Mr. Hodgson at first made small houses for all sorts of purposes — dog houses, poultry houses, tool houses; then one room camp houses, and soon came camps of several rooms.

But it was in the glamorous day of 1900, when that marvelous invention, the "horseless carriage," came into use that the business gained great momentum.

At that time came the demand for "Auto Stables," as they were called. The use of the automobile also brought an increased demand for the Hodgson camp and vacation houses.

Our factory in Dover, Mass., now turning out hundreds of Hodgson Houses each year. Shipped to all parts of the world

In the "Gay Nineties," Hodgson Camp House at Eliot, Maine

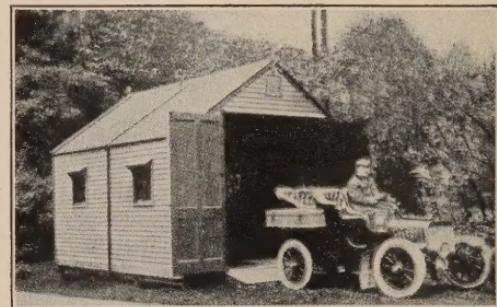

Another remarkable demonstration of the sturdiness of these houses, is in the one sent to the Grenfell Association at Indian Harbor, Labrador, many years ago. It stands today in a most exposed location, sturdily resisting the severe elements of that bleak coast.

Mr. Hodgson has kept in step with modern progress. Improvements in construction, materials and finish have been constantly made from year to year, so that today our houses are unique in appearance and construction.

(Continued on Page 5)

This demand for garages and camps came from all parts of the country, and indeed from many foreign countries. There are Hodgson houses in South Africa; in Jerusalem; in Greece; in Belgium; in Italy; in South America; in Nicaragua; in Honolulu; in Newfoundland; Labrador; and other foreign parts.

We know that many of the Camp Houses Mr. Hodgson first built are still in use. The famous actor, Denman Thompson, purchased one in 1905 and erected it in Swansey, N. H. This house is still in use by his descendants, being in fine condition and bearing silent testimony to the enduring qualities of Mr. Hodgson's ingenious construction.

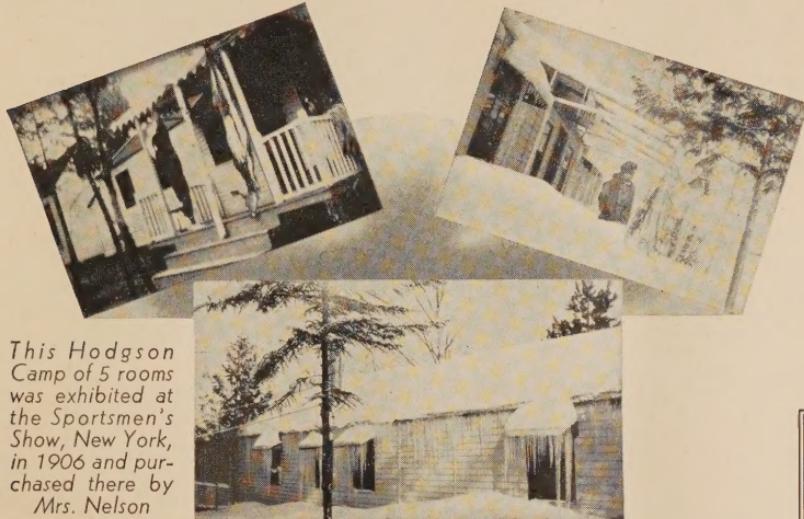

Hodgson "Auto Stable" for the horseless carriage built about 1900. Hundreds since shipped to all parts of the country

NEW YORK

This Hodgson Camp of 5 rooms was exhibited at the Sportsmen's Show, New York, in 1906 and purchased there by Mrs. Nelson

After 28 years Mrs. Nelson, who erected this house at Moosehead Lake in 1907, wrote the letter on page 21

illustrations are from actual photographs, and will give you a very good idea of the appearance of our Camp Houses. If you can call at one of our salesrooms or outdoor exhibits it will be a pleasure to show you the houses themselves.

E. F. HODGSON CO.

(Continued from Page 4)

The few pictures shown in this article of houses purchased in bygone days have an historical interest and demonstrate the originality of Mr. Hodgson's idea.

The illustrations of the houses being made today demonstrate the continued value of his achievement. These

Hodgson Camp Houses at the Sportsmen's Show, Madison Sq. Gardens, New York City, in 1906

HODGSON PREFABRICATED CAMP COTTAGES

Built Complete at the Factory — Saving Time and Money — Scientifically
Constructed to Ship Anywhere — Used Universally

Delightful to Live in — Made of Materials to Last a Lifetime —
Quickly Erected — Easily Enlarged

THE CAMP HOUSES shown on pages 7 to 22 have been on the market for over forty years. They have an established reputation for durability and stability. Our system of units makes it possible to easily and quickly erect a one room camp in an hour's time, and the largest one in a day or two, without fuss or muss; also to as quickly and easily add rooms at any time.

These houses are used for cottages, vacation houses, both summer and winter; school camps; overnight camps; guest or overflow houses; for many uses in large camps where small buildings are needed; also for play houses, skating houses, rest houses, storage houses, garages, etc.

These Camp Houses differ from our larger Hodgson Houses shown on pages 29 to 37 inasmuch as they are made only in 10 foot wide units, and the exterior is oiled with linseed oil instead of having three coats of paint. The roof and shutters are stained moss green.

They are made with single walls, lined with our special heavy fibre waterproof material.

A Hodgson Camp House Painted

Absolutely Storm Proof

"We had four days steady downpour with high winds but not a leak appeared. We are cozy and like the camp very much."

(Mrs.) IDA W. BRODERICK,
Cohasset, Mass.

A Camp of Neat Workmanship and Finish

"I am greatly pleased with the camp house that I purchased from you in August. Not only am I pleased with the design, but especially pleased with the quality of the material and the neat workmanship and finish. I am now considering enlarging the house."

C. H. STRANGE,
Mining Engineer, Pottsville, Pa.

Pleasure to Erect a Hodgson Camp

"I consider your cabin one of the cleverest pieces of carefully designed and executed workmanship I have ever seen. I got so much fun out of its erection that I told my wife I had a notion to take it all down for the pleasure of putting it up again!"

H. B. ALLEN,
Babcock & Wilcox Tube Co.,
85 Liberty St., New York, N. Y.

After Sixteen Years' Use

Castine, Maine.
"This little house in Castine, Maine, is yet going strong and has never leaked, which is more than we can say of three other houses — carpenter built — which we own here. Our Hodgson Cottage is our favorite building."

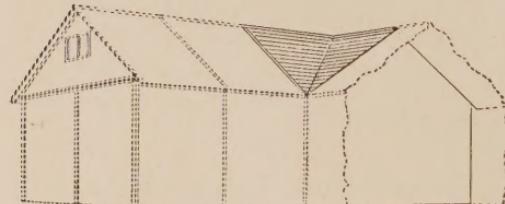

MRS. GRACE P. T. KNUDSON.

A 10 x 15 ft. Camp House Living Room

Hodgson Camp House Construction

UNIT PRICES ON PAGE 10

A valley roof section to turn the units a quarter turn

Made in Units. Easily and quickly increased in size.

With 40 years' experience in making unit built houses, we know that these Camp Houses are as practical as it is possible to make.

The Frames are of strong Oregon pine and cedar. The Outside Covering is of enduring cedar, which will last a lifetime.

The Exterior Woodwork is dipped in tanks of linseed oil before being made up into sections. Roof and shutters stained moss green.

All Outside Nails are hot-dipped galvanized and the hardware is either brass or cadmium plated, thus preventing rust.

Sections are bolted together with our special Wedge Key Bolts, an invention of ours dating back 35 years.

We use thousands of these each year, saving our customers much expense in the erection of our buildings.

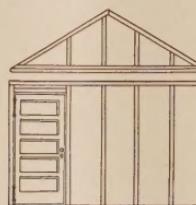

The Interior is lined with a heavy tan fibre, waterproof and windproof, making a very dry camp. Woodwork is stained walnut brown. Floors are hard pine. Exterior sides are oiled natural wood with roofs, doors and shutters stained moss green.

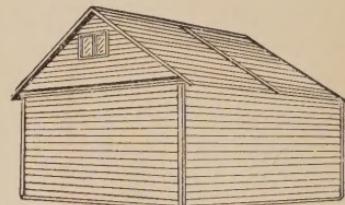

Our Wedge Key Bolts that make the houses go up like magic

A 5 x 10 or 10 x 10 additional unit to add to the first unit

A 10 foot Partition with peak and door

A 10 x 10 foot house with ends. To this can be added more units with partitions, doors, windows, etc.

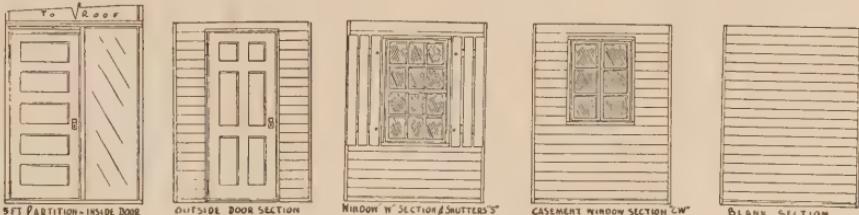

8 x 10 ft. Clapboard side porch

**Unit Prices
etc. on
Page 10**

End Porch to go on end of house only. It is 5 x 10 ft. or 10 x 10 ft.

These sections are used in making up the side walls and partitions of all our camp houses

Partitions are made up of a cedar frame and covered with Celotex. They are furnished with or without peaks or doors.

The Panel Doors are of the best quality, with good mortised locks.

The Casement Windows have automatic adjusters and secure locks. Regular double hung windows have locks.

Floors, Roofs, Sides and Partitions are all made in sections with doors and windows installed, and are quickly Key Bolted together. A 10 x 10 ft. Camp House can easily be erected in an hour.

There is no Roofing Material to put on after the building is up.

The sections are shipped unpainted, but oiled. We can furnish paint, white or green, or Cabot's outside brown and green stains, which with treated cedar foundation posts are listed on Page 10.

Side Porch to go on side or end of house. It is 4 x 10 ft. with additional 4 x 5 units, or 8 x 10 ft. with additional 5 x 8 ft. units

Camp A, Plan 2 — \$306.00

Camp A, Plan 3 — \$463.00

In the Florida Hurricane—Fall of 1926 . . .

"The house which I purchased from you and erected on my property at Palm Beach, Florida, is very satisfactory. As you no doubt know, we had two very severe rain and wind storms at Palm Beach. The house has survived both storms with practically little damage. With the exception of some water leaking in around the windows, the house is in excellent condition. This is by far more than I can say for nine-tenths of the houses built in Palm Beach."

ANTHONY R. KUSER,
Bernardsville, N. J.

Hodgson Camp Houses

The smallest camp house generally consists of one room and a porch; although the 10 x 10 ft. room only can be purchased and other rooms or porches can be added later. The price list below will show how this house is figured.

ITEMIZED PRICE LIST CAMP A, PLAN 1

1-10 x 10 ft. Unit (no windows or doors)	\$156.00

	\$393.00

NOTE: If flower boxes are wanted, add \$1.50 per box.
These houses have oiled sides with moss green roof and shutters.

Twenty-five Years at North Haven, Maine

"Looking at your catalogue again, it occurs to me that you may be interested to know that the 10 room Hodgson house which I bought of you twenty-five years ago, erected first at Mt. Kisco, New York, and then at North Haven, Maine, still stands apparently in as good condition as it was when I was a boy — or near it! The cottage is snug and comfortable."

ELLERY SEDGWICK, *Editor of the Atlantic Monthly*

Key Bolts Are Time Savers

"Three of us erected the camp house in one day without running into any difficulty whatever. Your key bolts are worth ten times their weight in gold."

Hodgson Camp Cottage C. Plan 1

is shown at our New York office, furnished as shown in the plan.

Furnishings

We have a very complete list of special furnishings as shown on pages 23 to 26. A camp house similar to Plan C-3

10 x 15 ft. Living Room

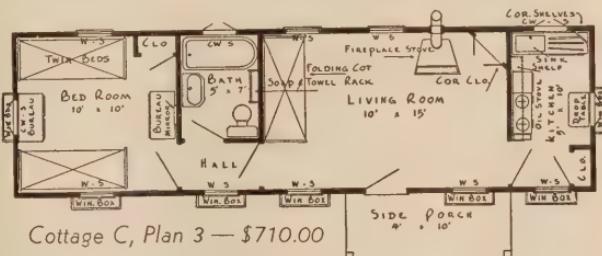

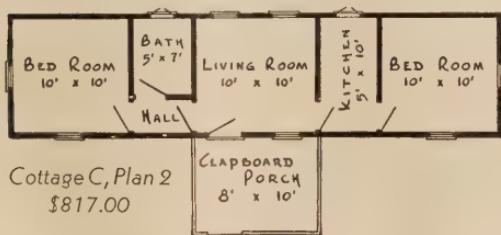

Finely Constructed

"We received the house in perfect condition, and it gives me great pleasure to tell you that we are greatly pleased with it.

"It is the only portable house in the vicinity, and is the center of attraction.

"My husband was especially pleased with the excellent construction, and the fine quality of the material."

(Mrs. Herman) KATHERINE KNAUST
West Camp, N. Y.

Set Up in 3½ Hours

"I wish to take this opportunity of thanking you for the splendid manner in which the shipment arrived and also for its clarity of arrangement and packing. The erection was done by myself with the assistance of a carpenter farmer or sort of man of all work.

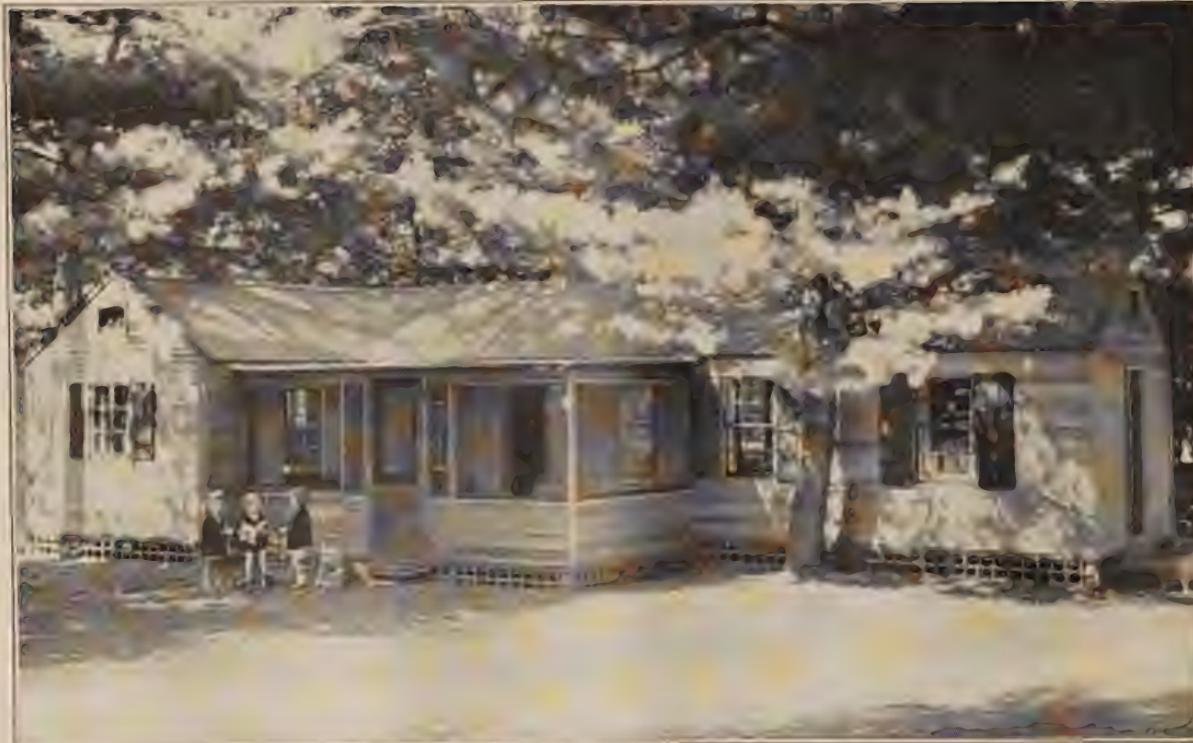

"The foundation posts had previously been set and the house was erected in about 3½ hours. Everything fitted perfectly and was easily done."

After Twenty Years

"I will write a few lines, saying how much I have enjoyed my house for twenty years, and will send you a picture in the near future. Glad to do it."

MARY BOWDITCH FORBES,
Milton, Mass.

Hodgson Camp House D. Plan 1. \$1136.00

Moosehead Lake 18 Years

"I would like to say that the first Hodgson Houses I bought (it must be 17 or 18 years ago) are in just as good condition as when they were first put up. They have been here on Farm Island during the severe Maine winters.

"I was pleased to see the letter my son-in-law (Mr. John McEntee Bowman) wrote, (Mrs.) MYRA D. PATERSON
Husted Lane, Greenwich, Conn.

On Cape Cod 15 Years

"Please send me your latest catalogs and price list.
"About fifteen years ago I purchased one of your camp houses, for use on Cape Cod. It has stood there ever since, exposed to all extremes of wind and weather, receiving no attention except a coat of paint seven years ago.

"It has never leaked a drop and is as good and substantial as the day it was set up."

Hodgson Camp Cottage E. Plan 1

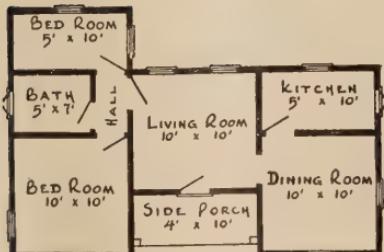

Camp E, Plan 1 — \$1376.00

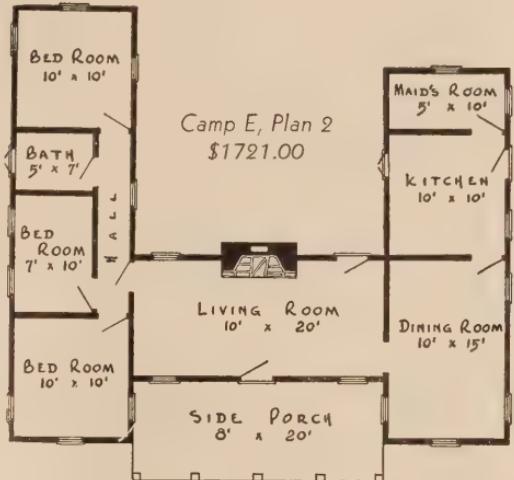

Comfortable Summer and Winter

"I am glad to tell you that I have always found my Hodgson house satisfactory. Through the terrible heat of summer and the coldest weather of winter, I have found it successful. Several people have bought houses on account of seeing mine."

MARY BOWDITCH FORBES,
Milton, Mass.

Camp E, Plan 3 — \$996.00

Camp E, Plan 2
\$1721.00

Wants to Add to the Camp

"Have you a record of the type of house you sent us in 1930? We would like to add another bathroom and perhaps a bedroom."

"We have enjoyed our house more than words could express, even using it all winter long for skating parties."

MRS. C. W. WRIGHT
2963 North Lake Drive, Milwaukee, Wisconsin

CAMP HOUSE PLANS F to M

The prices of these plans are figured with shutters to windows and peaks to partitions. If not wanted deduct the price per pair for shutters and for partition peaks. See Unit Prices on page 10 and furnishings pages 23 to 26.

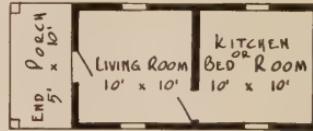

Plan F — \$186.00

Plan G — \$246.00

Plan H — \$306.00

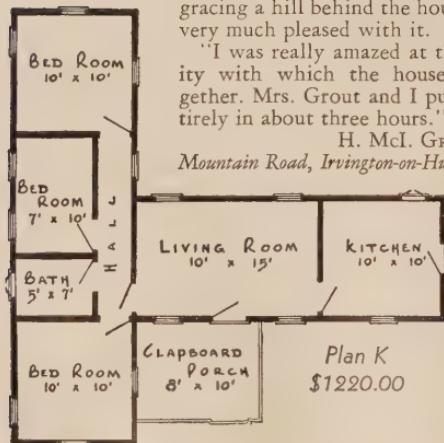

Plan J — \$393.00

Up in 3 Hours

"The camp house arrived in good condition and at the present moment is gracing a hill behind the house. We are very much pleased with it.

"I was really amazed at the simplicity with which the house went together. Mrs. Grout and I put it up entirely in about three hours."

H. M. Grout, Jr.
Mountain Road, Irvington-on-Hudson, N. Y.

Plan K
\$1220.00

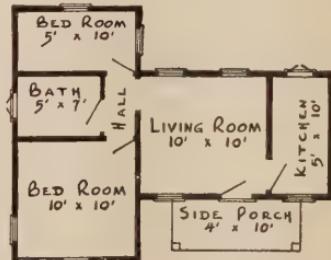

Plan L
\$953.00

Good As Ever After 10 Years

"Over ten years ago I installed a two-car garage at my mother's old home and it is still just as good as ever and has been highly satisfactory. But rather than move this to Raceland I might want to buy a new one."

John R. Macomber
1 Federal St., Boston, Mass.

Plan M — \$783.00

At Moosehead Lake, Maine, for 28 Years

(See pictures on page 5)

"In the spring of 1906 I erected a five room Hodgson Portable House on the shores of Moosehead Lake. In the winter of 1908 the house was divided into two parts, and was carried by horses across the Lake on the ice, a distance of a mile and a half, to the location where it now stands.

"After all these 28 years, and being used each season, it is still one of the most attractive and well built camps on the Lake. There have been many additions, but the original house is as firm and solid as ever; wind, rain, and snow-proof, and delightful in summer.

"The enclosed picture is one taken in a recent snow storm, while we were as warm and comfortable as could be with wood stoves indoors.

"This is one of your first houses and was on exhibition at the Sportsmen's Show in New York, the winter of 1906. The wood inside has never been painted or varnished and still shows the beautiful colors and grains.

"I notice that you have used my letter for many

years in your catalogue and it gives me great pleasure to add these few words of praise to a building which has so hospitably given shelter and protection to many occupants."

CORNELIA L. NELSON (*Mrs. Thomas Nelson*)

1228 Constant Ave., Peekskill, N. Y.

Camp Easily Erected and Comfortable

"The Hodgson Camp House which I ordered from you on April 22nd has been erected and has proved very comfortable. We were pleasantly surprised at the simple erection and the solid appearance of the little cottage."

DONALD B. MATTHEWS

Ward Manor, Red Hook, N. Y.

Camp Went Up Easily

"Mr. Hayden and I wish to express our great satisfaction with our new Hodgson House delivered two weeks ago at Sterling Forest, N. Y.

"It went up easily over the week-end, though we were all novices at house building. The parts fit accurately and the house more than meets our expectation."

MRS. G. F. HAYDEN

111 Park St., Montclair, N. J.

Cool on Hot Days

"We have been entirely pleased with our little house. We use it only as a restful place to escape to for week-ends or a week at the most, but it is tight and cozy even in terrific downpours, and wonderfully cool in these hot days. We think your ventilating idea especially good."

RUBY DREW DOOLEY (*Mrs. P. C. Dooley*)
Fort Wayne, Ind.

At Hewitt, N. J.

"The house was erected with no sort of difficulty, by family and neighbors (unskilled labor) in less than a day.

"We are well pleased with the completed camp, and thank you for your courtesy in filling the order."

RUTH Z. TEMPLE
For DR. A. H. TEMPLE
164 Jefferson St., Passaic, N. J.

At Moosehead Lake, Maine, for 12 Years

"I am very familiar with your houses, as I purchased four some ten or twelve years ago, and I am using them as a camp near Moosehead Lake in

Maine. Some two years ago I was obliged to move my camp on account of the construction of a dam, which, when the basin was filled would drown me out, so I moved my camp down some five miles from the old location. This was done without marring the sections to any extent, and they were re-erected and now look as good as new.

"I want to let you know how much I appreciate the quality of the paint used on them, as during all this time only the roof has been repainted until this summer."

GEORGE R. WALLACE
Fitchburg Paper Co., Fitchburg, Mass.

Located at Alexandria, Minnesota

"I may say that the cottage and garage, which you forwarded me, have been found to be highly satisfactory, as I found that everything you sent complied fully with your statements and representations, and I think the best statement I can give you is if I were to start again to build a summer cottage, I would repeat the order and use your cottage and garage as they have been entirely satisfactory in all respects."

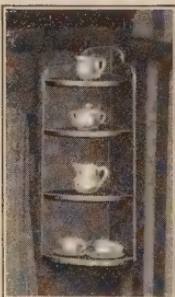

EDW. H. CHANDLER
Tulsa, Okla.

Camp Furnishings

Compact, neatly made and very practical furnishings for our camp houses. We have others that can be seen at our exhibits. These furnishings are built for these houses, to take up little room without sacrifice of comfort, and to add to the attractiveness of the rooms.

Bureau, 19 x 34 inches, \$14.00.
Plate Glass Mirror, 18 x 24
inches, \$5.50.

Hanging corner shelf is very convenient and out of the way — 18 inches wide and 36 inches high. \$4.50

Bath Room

Set No. 500.
Price: Closet, \$22.00; Lavatory, \$14.30; Tub, 5 ft. \$33.00; Set Complete, \$69.30 with fittings.

◀◀ Sink with drawer case and drain, 5 ft. long, 18 inches wide; Towel Rack with shelf; Shelving, 8 inches wide, 20¢ per lineal foot; Brackets 15¢ each. Sink and Cabinet as shown. \$22.00

All plumbing fittings are chromium plated.

*Sink and Set Tub—Overall size
24 inches by 51 inches*

Porcelain sink and tub with drain board, complete as shown with garbage receiver and dish spray. Price \$93.50. Without garbage receiver \$74.80.

A smaller size (42 inch) same style without spray or garbage receiver \$40.00.

PLAN 10
Garages

These Garages are made up of the same units as the Camp Houses, so that they can be increased in size to fit your car.

They are not painted, but they are oiled outside and stained inside. The prices are quoted without wooden floors.

Plan 10 Garage — 10 x 15 ft. With 2 Windows and Shutters, \$196.00. 10 x 20 ft. With 1 Window and Shutter at End, \$218.00

Hodgson Gas Station or Office — Plan 11

This building has two 10 x 10 ft. rooms and a porch, as shown by the picture. It is oiled outside and stained inside, so that the owner can stain or paint the outside any desired colors. Same construction as Camp Houses, Pages 8 and 9.

It has a good hard pine floor and all doors and windows are installed, with hardware attached. Easily erected in one day by two men. Price \$359.00

12 x 18 ft. Gable Roof Garage No. 3567

Garages

No. 3567 —	
Narrow Siding, 12 x 18 ft. with floor	\$400.00
12 x 18 ft. without floor,	\$360.00
12 x 24 ft. with floor,	\$500.00
12 x 24 ft. without floor,	\$450.00
With wide Colonial Siding, add.....	5%
If Hip Roof, add.	\$15.00

18 x 18 ft. Gable Roof Garage No. 3568

20 x 36 ft. Hip Roof Garage No. 3569

In all these Garages six windows and blinds are figured; if less are wanted deduct \$8.00 for window, \$4.00 for blinds.

No. 3568 —	
18 x 18 ft. Gable Roof, with floor	\$620.00
without floor	\$580.00
18 x 24 ft. Gable Roof, with floor	\$750.00
without floor	\$680.00
If Hip Roof, add.	\$36.00
No. 3569 —	
20 x 36 ft. with floor	\$1050.00
without floor	\$920.00
Four sets of doors in this same size garage for four cars would cost \$35.00 more.	

Prices on other plans upon application

Hodgson Houses

FOR over forty years Hodgson Houses have held a unique position in all parts of the world. Their inviting simplicity and harmonious lines appeal to people of good taste; and thus, with their attractive and well-planned interiors, they have given enjoyment to people, in all sorts of circumstances, in all sorts of climates, under the most trying conditions.

The construction is simple. Made of enduring red cedar, in completely finished sections with windows in place, doors hung — in fact, all carpentry work and painting completed at the factory; and even the hard pine floors are sanded and shellacked before shipping; so that the houses are quickly erected by local labor; or by our factory men.

Thus the purchasers of Hodgson Houses are saved much time, expense and the confusion and many worries connected with building operations.

The Single Wall Construction (Fibre Lined) shows the frame on the inside, with a background of heavy waterproof fibre lining next to the cedar boarding.

The Double Wall Construction (Arctic Lined) is the same as the single wall and is thoroughly insulated with the addition of Arctic Board (Celotex) on the inside frame, on side walls, roofs, floors and partitions, giving a double wall with an air space between — more comfortable in coldest weather than a well-built plastered house.

If interested in one of these larger houses send for our large catalog showing many pictures of our houses and plans.

Bought 27 Years Ago

"I bought my Hodgson Cottage 27 years ago (Feb. 28, 1905). The cost of maintenance for 27 years has certainly not averaged a dollar a year."

W. L. GIFFORD
Hingham, Mass.

Care in Constructing, Shipping and Erecting

"I enclose check in payment for the Hodgson House which you recently sent me.

"The house is, of course, up and established by now, and I want to let you know that I am very much pleased with it and with the obvious care w th which it was constructed, shipped and planned for erecting."

ELIZABETH WADE WHITE
107 Prospect St., Waterbury, Conn.

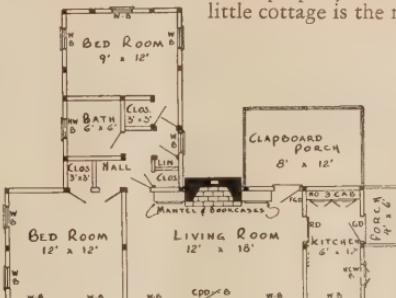

Hodgson Cottage No. 3601 — Plans A, B and C

Denman Thompson's Cottage, Erected in 1905

"Last summer you were kind enough to send me catalogs of your charming Hodgson Houses. I was particularly interested to see a cut of the little cottage which you sold to Denman Thompson, which is located on our property which we bought from his descendants. Indeed, that little cottage is the most popular of all the sleeping quarters."

Hodgson Cottage No. 3602 Located in New Hampshire

Hodgson Cottage at Lake George, N. Y.

"The Hodgson Cottage I now have has been in use for the past three or four years, and has given me such excellent satisfaction and comfort that I would not consider going elsewhere now that the question has come up for me to move to another location, making it necessary to buy another house."

"The house is erected at Lake George, where, as you well know, we have very severe winters, but it has come through admirably — never leaks a drop of water and is apparently in as good condition now as the day it was erected."

EVANGELINE BOOTH,
Commander-in-Chief.

Used Throughout the Year

"My house has been absolutely satisfactory and I have never done business with any concern with whom it was pleasanter to deal. Your company not only did all that you promised, but more, and everything about the house was better than I expected."

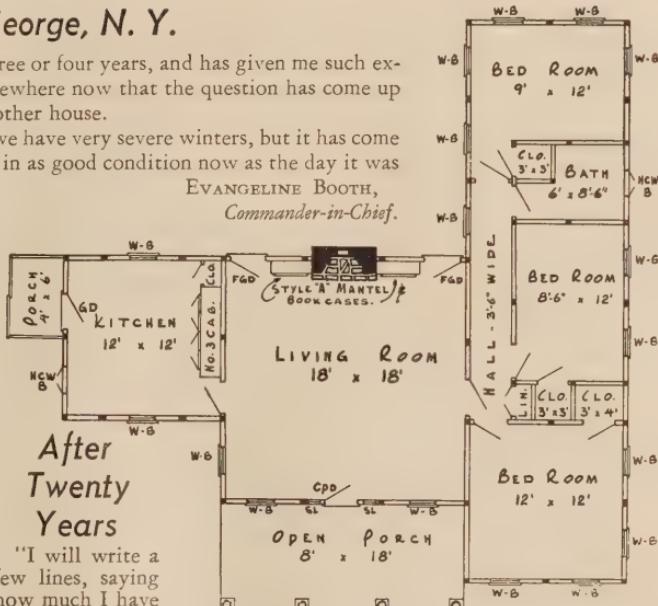

ROGER AMORY
19 Congress Street, Boston, Mass

Troy, Turkey

"Your letter of September 15th has reached me, having been forwarded from Athens. I am enclosing three photographs of the Hodgson house which we set up on the plateau beside the Hill of Troy, Turkey, last spring.

"The house is very comfortable and satisfactory, and we consider ourselves fortunate in being so well installed."

Jenkins Arcade Company

The Jenkins Arcade Building,
Pittsburgh, Pa.

"It is with great pleasure that I recommend the use of the Hodgson House, as my own has given perfect satisfaction in every way.

"As I wrote you previously, I equipped this house with a brick base, putting a cellar under part of it, and air space under the balance. I use a steam heating plant, so that the house is as comfortable in the winter season as it is in the summer — being warm in one case and delightfully cool even on the hottest days."

Hodgson Houses Make Comfortable Homes

"During the cold wave of the week of Dec. 26, 1933, when the temperature was less than ten degrees below zero, my Hodgson House was at all times comfortable. To the best of my knowledge, the temperature never fell below the thermostatic control of 58-60 degrees at night and 68-70 degrees in the daytime.

"Considering the fact that previous checks show that I burned less coal than my neighbors for the same size house, I consider the above record a great tribute to the construction and insulation of the Hodgson House."

ROGER AMORY
19 Congress St., Boston, Mass.

1108 Commonwealth Ave.
BOSTON, MASS.

E. F. Hodgson Co.

NEW YORK

Hodgson Cottage No. 3604 At Our Dover, Mass., Exhibit

*In St. Louis County, Minnesota,
on International Boundary*

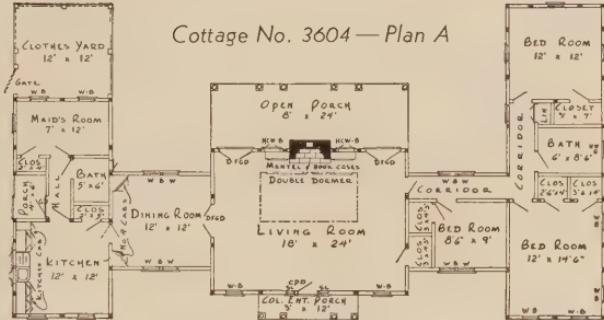

"The Hodgson House which I erected gave me a great deal of pleasure and satisfaction last summer. It was up to my expectations in every way and my only regret is that for business reasons I cannot use the house the year around, instead of only four months out of the year."

"A Heatilator unit was installed in the fireplace of my Hodgson House and is very satisfactory. In fact, I was very much surprised at the amount of additional heat which this unit will give out. I used wood entirely and in freezing weather found that it would heat my living room very comfortably."

W. P. INGERSOLL,
Canton, Illinois.

Florida Chair

This chair is made to stand outside exposure on the lawn or porch. It is made of extra heavy clear cedar and put together with galvanized hardware and painted two coats of the very best paints, Colonial green or white. Without any doubt this is the most comfortable and durable lawn chair made. Under seat of chair is a magazine rack. Price \$10.00. Price not painted \$8.00.

Florida Chair

Garden Seats

These seats are made in three sizes: 2, 4 and 6 feet long. Being made of cedar insures durability to outside exposure. These are well painted either white or Colonial green. Prices: 2 ft. seat \$8.00 — 4 ft. seat \$10.00 — 6 ft. seat \$12.00.

Hodgson Bird Houses for Martins

Attracts Martins

"Last year I bought one of your Villa Bird Houses. On April 10th Martins came and looked it over and were pleased with it. I have counted as many as 60 Martins around the house.

Later Flickers raised a family in the attic. The openings are a little small for Flickers but they pushed in and I allowed them to stay. Many people stop to look the house over and we are pleased with it."

8 x 30 ft. House (5 pens).....	348.00

Capacity 15 hens per pen

Wooden Floors \$10.00 per unit extra

Interior of a Hodgson Greenhouse

Hodgson Sectional Greenhouses

THESE greenhouses are made of the best quality of red cedar, cypress and Oregon pine. They are thoroughly painted with the best lead and oil paints; being bolted together, the erection is quickly accomplished by a "handy" man.

The greenhouses are furnished with or without a heater room, as desired. When placed near a garage or house where heat can be supplied without an independent heater, the glass units only need be purchased, in which case a door is furnished in the end of the last glass unit.

The picture (left) shows the interior and layout of our Unit Greenhouses. There is a Potting Bench in the Heater Room and Plant Benches 30 inches wide by four inches deep along the two side walls and one end of the Glass Unit. Between the Plant Benches is a board walk, and under these benches are the four lines of hot water pipes.

The Hot Water Heater is operated by coal and is automatically regulated.

The outfit is as complete and practical as it is possible to make it.

Floors: No floors are furnished with these outfits, for dirt, brick or cement are more practical than a wooden floor. Bricks simply laid in sand make an excellent floor.

GLASS: is only furnished when ordered. As the glass must be set after the building is erected, the purchaser has to have this done locally. If Vitaglass is wanted, it costs three times the price of greenhouse glass.

Greenhouse Unit

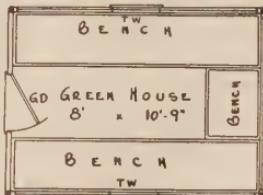

This picture shows a complete glass unit, having a door at one end. Such units are used when they are placed next to some building from which they receive their source of heat. If this is not possible, you should have one of our heater rooms as shown on page 52 with an independent heater.

To this unit can be added a second unit of the same size for \$110.00, plus glass \$25.00.

*Hodgson Greenhouse — One Glass Unit. Price without glass \$185.00.
Extra for glass \$40.00*

The picture showing the greenhouse in the snow was taken on a zero morning outside, with a temperature of 60 degrees inside. One of these greenhouses will start many early plants to be set out after the frost is gone. The operating of our heating plant is very simple.

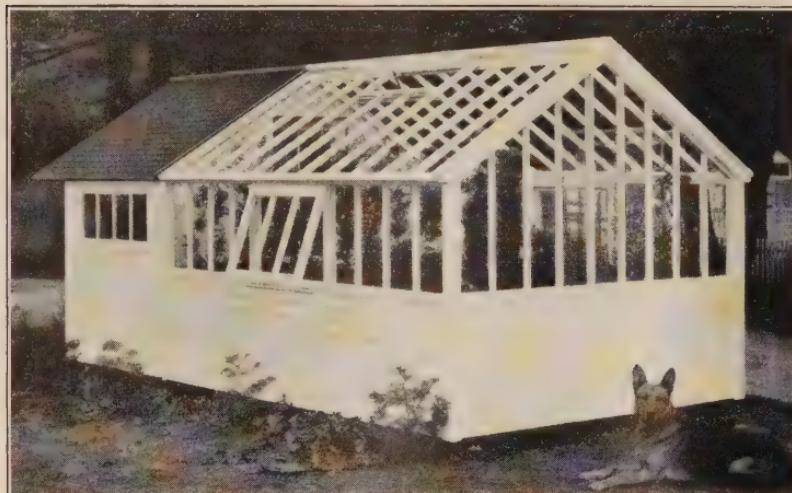

Greenhouse with Heater Room

This picture and plan show a greenhouse of one glass unit and a heater room. To this can be added more glass units. The heater room is better shown on page 52.

Our hot water heater which burns coal and is automatically regulated, is very simple and easy to operate, consuming but little coal. Four lines of hot water pipes run around all sides of the glass unit, under the flower benches. There is much

useful space under these benches for planting; and additional shelves can be installed above the regular flower benches, greatly increasing the greenhouse capacity.

Hodgson Greenhouse — One Glass Unit and Heater Room

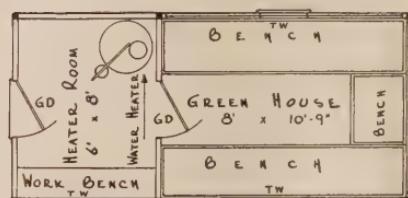

Price without glass.....\$270.00 Extra for glass\$35.00
Price of Heater with all necessary pipes cut to fit135.00
Price of Galv. chimney and smoke pipe installed15.00

Not a Pane of Glass Broken

"My greenhouse is up in place and I am much pleased with it. Everything was well packed, not even a pane of glass was broken. My son, who lives in Long Island, is so pleased with my greenhouse that he thinks of getting one a little later on."

MARY R. BRAMAN (Mrs. C. R.)

The Knoll, Wyckoff, N. J.

Two Units and Heater Room

Hodgson Greenhouse — Two Glass Units and Heater Room

A Great Pleasure

"Answering your letter of the 7th, I advise you that my greenhouse has proved in every possible way satisfactory, and I have had a great deal of pleasure out of it."

FRANCIS BIDDLE — Barnes, Biddle & Myers
— Morris Bldg., Philadelphia, Pa.

Price without glass	\$380.00
Extra for glass	60.00
Price of Heater with all necessary pipes cut to fit	153.00
Price of Galv. chimney and smoke pipe installed	15.00

Our regular size heater will easily heat these two units, but if you intend to add more units later we would recommend the use of our larger heater, which will heat up to four glass units. This would eliminate the expense of changing the heater should you enlarge the greenhouse. The larger heater would add \$26.00 to the price of \$153.00 quoted above.

1108 Commonwealth Ave.

Blarney Kennels, John G. Bates, Owner

James St., Morristown, New Jersey

"It gives me great pleasure to write you and let you know that the large kennel and the cottage which I bought from you four or five years ago have given me complete satisfaction.

"They have withstood all weather changes and are in practically the same condition now as when erected."

JOHN G. BATES.

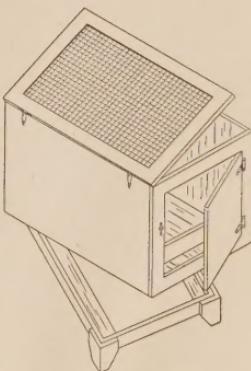

Cedar Kennel Bedding

A crinkly excelsior of cedar, making a light springy bedding (not shavings). Sanitary and comfortable dog bedding. Bag contains 2 barrels. Price per bag... \$1.50

Whelping Pen

This Whelping Pen is made of cedar, insuring sanitation and durability. The base allows a free circulation of air under the floor, insuring a dry floor. The base is detachable, as shown by the drawing. Size of pen 3 ft. long, 2 ft. wide, 2 ft. high. Price.....\$8.00

At Our Exhibits

All of our exhibits are extensive and comprehensive, each having at least one large, full-sized cottage, interestingly furnished; also camps and camp cottages; greenhouses; play houses; bird houses; kennels, both large and small; poultry houses; garden furniture, etc.

We hope you will be able to visit at least one of these exhibits and become acquainted with the Hodgson products.

However if you cannot call on us, the catalog is well illustrated by actual photographs, so that it is possible for you to make your selection from it and mail your order. Much of our business comes to us in this way.
